## NOTE FROM HEIDI

Hello again and greetings from Texas!

We are continually growing and working towards a better 1st Credentialing every day. I would like to introduce our newest Sr. Coordinators who are helping us reach our goals, LaNita Weisenberger, Macey Shock, Liz Elkins and Melissa Holfelder. We are very thankful to have such talented and experienced people join our ever-growing team!

In addition to growing our teams, we are developing new process to increase productivity, expedite the process for our clients and looking at many ways that we can automate our system to assist our teams and our clients.

We hope you are seeing the changes that have been implemented but we are working hard to do more and also move forward with future improvements.

Thank you for your business and please let us know what we can do for you.

Best,

Heidi Henderson  
Founder/Principal, 1st Credentialing
